Presentation Topics

OVERCOMING THE ENGAGEMENT GRIDLOCK WITH TEAMS
Perfect for managers and business professionals at all levels

Managers and the teams they lead have the most influence in any business. You want to retain good people, engage employees, and produce value for your company? Start by providing managers with the strategies to engage teams and build productive relationships. This program empowers managers to shift gears and create the environment to foster employee engagement, improved performance, and retention.

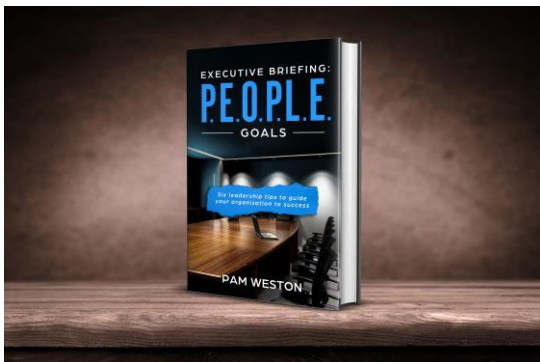

EXECUTIVE BRIEFING: ENGAGING THE C-SUITE FOR GROWTH
Perfect for CEOs, presidents, board chairs & C-Suite leaders

An engaged management team is paramount to your organization's success. Gain strategies to authentically drive engagement among your leadership team that permeates across your company. Intentionally create opportunities to connect others to your vision and inspire the engagement to grow your business.

Pam Weston is the CEO & Owner of Progress Partners LLC, a consulting firm located in the St. Louis Metropolitan area. As a trusted advisor to C-Suite executives, she has worked with chief executive officers, company presidents, and their teams including Fortune 500 companies in the areas of employee engagement, strategy alignment, and communications management.

Her expertise has guided leaders in industries ranging from financial services to information technology to healthcare, and consumer information solutions. She is a senior strategist with more than 20 years of experience leading executive communications, employee engagement, corporate philanthropy, internal communications, public relations, technical writing, and community affairs.

She recently published her first book, *EXECUTIVE BRIEFING: P.E.O.P.L.E. GOALS* because she is passionate about building productive relationships in the workplace. She offers constructive and easy to implement strategies gained from her experience leading high-level engagement programs.
